PRELIMINARY DRAFT - NOT READY FOR INTRODUCTION  
ASSEMBLY SUBSTITUTE AMENDMENT,  
TO ASSEMBLY BILL 181

Regeen

- 1 AN ACT *to create* 16.295, 20.505 (1) (fm) and 25.17 (72) of the statutes; relating  
2 to: venture capital investment program.

*Analysis by the Legislative Reference Bureau*

This substitute amendment directs the Department of Administration (DOA) to establish an economic development program that operates like what is often referred to as a "fund of funds." Typically, under a fund of funds investment model, an investment fund invests moneys with other investment funds that in turn invest those moneys directly in operating businesses. Under the substitute amendment, DOA must contract with an investment manager to manage investments in venture capital funds and Wisconsin businesses.

Before DOA contracts with an investment manager, <sup>the secretary of</sup> DOA and the State of Wisconsin Investment Board (SWIB) must form a committee to select the investment manager. A majority of the committee's members must be representatives of SWIB.

DOA's proposed contract with the investment manager must be reviewed by the Legislative Audit Bureau and is subject to passive review by the Joint Committee on Finance (JCF) based on the audit bureau's opinion of the contract. JCF's passive review is limited to determining whether the contract is contrary to the substitute amendment or fails to implement an applicable provision of the substitute amendment.

The committee must consist of three members appointed by (SWIB), one member appointed by the secretary of DOA, and one member appointed by the Wisconsin Technology Council.

The substitute amendment requires DOA to pay \$25,000,000 to the investment manager for investments in venture capital funds. The substitute amendment also requires the investment manager to contribute to those investments \$300,000 of its own moneys and \$5,000,000 raised from other funding sources. The investment manager must commit all of those moneys to investments within 24 months after the date the investment manager executes the contract with DOA, and the investment manager must invest those moneys in at least four different venture capital funds. The investment manager may not invest more than \$10,000,000 in any one venture capital fund.

The substitute amendment requires the investment manager to contract with each venture capital fund that receives moneys under the program. Under that contract, each venture capital fund must do all of the following:

1. Invest all of the moneys the venture capital fund receives under the program in businesses that are headquartered in Wisconsin and employ at least 50 percent of their full-time employees in Wisconsin and invest at least one-half of those moneys in businesses that employ fewer than 150 full-time employees when the venture capital fund first invests in the business under the program. If, within three years after the venture capital fund makes an investment in a business under the program, the business relocates its headquarters outside of Wisconsin or fails to employ at least 50 percent of its full-time employees in Wisconsin, the business must pay to the venture capital fund an amount equal to the amount of moneys contributed by the state that the venture capital fund invested in the business under the program, and the venture capital fund must reinvest those moneys in one or more eligible businesses, subject to the substitute amendment's requirements.

2. Commit at least one-half of those moneys to investments in businesses within 24 months after the venture capital fund receives the moneys and commit all of the moneys to investments in businesses within 48 months.

3. Invest all of those moneys in businesses in the agriculture, information technology, engineered products, advanced manufacturing, or medical devices and imaging industries and attempt to ensure that those moneys are invested in businesses that are diverse with respect to geographic location within Wisconsin.

4. At least match the amount of the moneys the investment manager contributes to an investment in a business with an investment of moneys in that business that the venture capital fund has raised from other funding sources. The substitute amendment also requires the investment manager to ensure that, on average, a venture capital fund invests \$2 in a business for every \$1 the investment manager contributes to the investment in that business.

5. Provide to the investment manager the information necessary for the investment manager to make its reports to DOA, described below.

6. Disclose to the investment manager and to DOA any interest that the venture capital fund or one of its owners or other representatives or agents holds in a business in which the venture capital fund invests or intends to invest moneys under the program.

Similarly, the substitute amendment requires the investment manager to disclose to DOA any interest that it or an owner or other representative or agent of

the investment manager holds in a venture capital fund that receives moneys under the program or a business in which a venture capital fund invests such moneys. Also, the investment manager's profit-sharing agreement with a venture capital fund under the program must be on terms that are substantially equivalent to the terms applicable for other funding sources of the venture capital fund.

Under the substitute amendment, the investment manager must set aside and pay to the state its proceeds from investments of the moneys contributed to the program by the state until the investment manager has paid the state \$25,000,000, the amount of the state's contribution. After that point, the investment manager must pay 90 percent of its proceeds from such investments to the state.

The substitute amendment requires the investment manager to submit a report to DOA each year within 120 days after the end of the investment manager's fiscal year that includes all of the following:

1. An audit of the investment manager's financial statements performed by an independent certified public accountant.

2. The investment manager's internal rate of return from investments in venture capital funds under the program.

3. For each venture capital fund that received an investment under the program: a) the name and address of the venture capital fund; b) the amount of the investment; c) an accounting of any fees the venture capital fund paid to itself or any principal or manager, and d) the venture capital fund's average rate of return on its investments under the program.

4. For each business in which a venture capital fund held an investment of moneys contributed by the investment manager under the program: a) the name and address of the business; b) a description of the nature of the business; c) an identification of the venture capital fund that made the investment; d) the amount of each investment in the business and the amount contributed by the venture capital fund; e) the internal rate of return realized by the venture capital fund on the investment; and f) a statement of the number of employees the business employed when the venture capital fund first invested in the business under the program, the number of employees the business employed on the first day of the investment manager's fiscal year, and the number of employees the business employed on the last day of the investment manager's fiscal year.

DOA must submit the investment manager's annual report to the legislature.

The investment manager must also submit a quarterly report to DOA for the preceding quarter that identifies each venture capital fund participating in the program, each business in which a venture capital fund held an investment under the program and the amount of each investment, and the number of employees each business employed when the venture capital fund first invested in the business under the program and the number of employees the business employed at the end of the quarter. DOA must publish the information contained in the investment manager's quarterly report on DOA's Internet site.

The substitute amendment also requires DOA to submit to JCF two progress reports, one in 2015 and one in 2018. Each report must include all of the following:

1. A comprehensive assessment of the performance to date of the investment program created in the substitute amendment.

2. Any recommendations DOA has for improving the investment program and the specific actions DOA intends to take or proposes to be taken to implement those recommendations.

3. Any recommendations SWIB has for improving the investment program and the specific actions SWIB proposes to be taken to implement those recommendations.

13 manager may execute that contract. If, within 14 working days after the date of that  
14 notice, the cochairpersons of the committee notify the secretary that the committee  
15 has scheduled that meeting, the department and investment manager may execute  
16 the contract unless the committee determines at that meeting that the contract, in  
17 whole or in part, is contrary to this section or fails to implement an applicable  
18 provision of subs. (4) to (7).

19 **(4) CONTRACT WITH INVESTMENT MANAGER; DISCLOSURE REQUIREMENT.** (a) Subject  
20 to sub. (3), the department shall contract with the investment manager. The contract

2 it or an owner, stockholder, partner, officer, director, member, employee, or agent of

5 (5) INVESTMENTS IN VENTURE CAPITAL FUNDS. (a) Subject to sub. (4) (a), the  
6 department shall pay \$25,000,000 from the appropriation under s. 20.505 (1) (fm) to

Representative Kuglitsch:

Please review this draft carefully to ensure that it is consistent with your intent.

This draft substitute amendment to 2013 AB 181 places the fund of funds investment program under DOA instead of WEDC and incorporates AA 1 and AA 4 to AB 181. Because the substitute amendment requires DOA instead of WEDC to pay \$25,000,000 to the investment manager for fund of funds investments, the substitute amendment includes an appropriation authorizing DOA to make that expenditure in fiscal year 2013–14. As a result, because the biennial budget act repeals and recreates the appropriation schedule under s. 20.005 (3), stats., if this substitute amendment becomes law before enactment of the budget act and the budget act does not include the funding provided in the substitute amendment, the effect will be to eliminate that funding. Note also that the budget act currently contains language under ss. 16.004 (19) and 20.505 (1) (f), both created in AB 40, setting aside \$25,000,000 in fiscal year 2013–14 for a “capital investment program” to make “coinvestments in business startups and investment capital projects.”

Note that AA 4 requires the Legislative Audit Bureau to submit a letter of review to JCF that evaluates DOA's proposed contract with the investment manager based in part on “the extent to which the proposed contract terms conform to normal practices in the venture capital industry.” However, JCF is only authorized under the substitute amendment to reject the contract if JCF determines that the contract is contrary to or fails to implement an applicable provision of the proposed legislation—failure to conform to the normal practices in the venture capital industry is not an authorized basis upon which JCF may reject the contract. Do you want to include a requirement in the substitute amendment to the effect that the contract between DOA and the investment manager must conform to normal practices in the venture capital industry? Alternatively, you may want to consider removing the “normal practices” language. The contract between the investment manager and DOA is in large part statutory and is not likely to conform to the normal practices of the venture capital industry. See for example, the repayment terms required for the contract between DOA and the investment manager. Please let me know how you would like to proceed.

Please do not hesitate to contact me with any questions.

Thank you.

Mike, could you remove the "normal practices" language from the Sub. Audit Bureau would just have to write an opinion of the contract and how it relates to the legislation.

Thanks for your help.

***Analysis by the Legislative Reference Bureau***

This substitute amendment directs the Department of Administration (DOA) to establish an economic development program that operates like what is often referred to as a “fund of funds.” Typically, under a fund of funds investment model, an investment fund invests moneys with other investment funds that in turn invest those moneys directly in operating businesses. Under the substitute amendment, DOA must contract with an investment manager to manage investments in venture capital funds and Wisconsin businesses.

Before DOA contracts with an investment manager, the secretary of DOA must form a committee to select the investment manager. The committee must consist of three members appointed by the State of Wisconsin Investment Board (SWIB), one member appointed by the secretary of DOA, and one member appointed by the Wisconsin Technology Council. A majority of the committee’s members must be representatives of SWIB.

DOA’s proposed contract with the investment manager must be reviewed by the Legislative Audit Bureau and is subject to passive review by the Joint Committee on Finance (JCF) based on the audit bureau’s opinion of the contract. JCF’s passive

review is limited to determining whether the contract is contrary to the substitute amendment or fails to implement an applicable provision of the substitute amendment.

The substitute amendment requires DOA to pay \$25,000,000 to the investment manager for investments in venture capital funds. The substitute amendment also requires the investment manager to contribute to those investments \$300,000 of its own moneys and \$5,000,000 raised from other funding sources. The investment manager must commit all of those moneys to investments within 24 months after the date the investment manager executes the contract with DOA, and the investment manager must invest those moneys in at least four different venture capital funds. The investment manager may not invest more than \$10,000,000 in any one venture capital fund.

The substitute amendment requires the investment manager to contract with each venture capital fund that receives moneys under the program. Under that contract, each venture capital fund must do all of the following:

1. Invest all of the moneys the venture capital fund receives under the program in businesses that are headquartered in Wisconsin and employ at least 50 percent of their full-time employees in Wisconsin and invest at least one-half of those moneys in businesses that employ fewer than 150 full-time employees when the venture capital fund first invests in the business under the program. If, within three years after the venture capital fund makes an investment in a business under the program, the business relocates its headquarters outside of Wisconsin or fails to employ at least 50 percent of its full-time employees in Wisconsin, the business must pay to the venture capital fund an amount equal to the amount of moneys contributed by the state that the venture capital fund invested in the business under the program, and the venture capital fund must reinvest those moneys in one or more eligible businesses, subject to the substitute amendment's requirements.

2. Commit at least one-half of those moneys to investments in businesses within 24 months after the venture capital fund receives the moneys and commit all of the moneys to investments in businesses within 48 months.

3. Invest all of those moneys in businesses in the agriculture, information technology, engineered products, advanced manufacturing, or medical devices and imaging industries and attempt to ensure that those moneys are invested in businesses that are diverse with respect to geographic location within Wisconsin.

4. At least match the amount of the moneys the investment manager contributes to an investment in a business with an investment of moneys in that business that the venture capital fund has raised from other funding sources. The substitute amendment also requires the investment manager to ensure that, on average, a venture capital fund invests \$2 in a business for every \$1 the investment manager contributes to the investment in that business.

5. Provide to the investment manager the information necessary for the investment manager to make its reports to DOA, described below.

6. Disclose to the investment manager and to DOA any interest that the venture capital fund or one of its owners or other representatives or agents holds in

a business in which the venture capital fund invests or intends to invest moneys under the program.

Similarly, the substitute amendment requires the investment manager to disclose to DOA any interest that it or an owner or other representative or agent of the investment manager holds in a venture capital fund that receives moneys under the program or a business in which a venture capital fund invests such moneys. Also, the investment manager's profit-sharing agreement with a venture capital fund under the program must be on terms that are substantially equivalent to the terms applicable for other funding sources of the venture capital fund.

Under the substitute amendment, the investment manager must set aside and pay to the state its proceeds from investments of the moneys contributed to the program by the state until the investment manager has paid the state \$25,000,000, the amount of the state's contribution. After that point, the investment manager must pay 90 percent of its proceeds from such investments to the state.

The substitute amendment requires the investment manager to submit a report to DOA each year within 120 days after the end of the investment manager's fiscal year that includes all of the following:

1. An audit of the investment manager's financial statements performed by an independent certified public accountant.

4. For each business in which a venture capital fund held an investment of moneys contributed by the investment manager under the program: a) the name and address of the business; b) a description of the nature of the business; c) an identification of the venture capital fund that made the investment; d) the amount of each investment in the business and the amount contributed by the venture capital fund; e) the internal rate of return realized by the venture capital fund on the investment; and f) a statement of the number of employees the business employed when the venture capital fund first invested in the business under the program, the number of employees the business employed on the first day of the investment manager's fiscal year, and the number of employees the business employed on the last day of the investment manager's fiscal year.

DOA must submit the investment manager's annual report to the legislature.

The investment manager must also submit a quarterly report to DOA for the preceding quarter that identifies each venture capital fund participating in the program, each business in which a venture capital fund held an investment under the program and the amount of each investment, and the number of employees each business employed when the venture capital fund first invested in the business under the program and the number of employees the business employed at the end

of the quarter. DOA must publish the information contained in the investment manager's quarterly report on DOA's Internet site.

The substitute amendment also requires DOA to submit to JCF two progress reports, one in 2015 and one in 2018. Each report must include all of the following:

1. A comprehensive assessment of the performance to date of the investment program created in the substitute amendment.

2. Any recommendations DOA has for improving the investment program and the specific actions DOA intends to take or proposes to be taken to implement those recommendations.

3. Any recommendations SWIB has for improving the investment program and the specific actions SWIB proposes to be taken to implement those recommendations.

13 contract with the investment manager is contrary to this section or fails to

15 manager may execute that contract. If, within 14 working days after the date of that  
16 notice, the cochairpersons of the committee notify the secretary that the committee  
17 has scheduled that meeting, the department and investment manager may execute
